TO THE WEST! TO THE WEST!

Before making your arrangements to follow the advice of the "thousands who have already gone," it would be well to consider what has been done to make the journey to your "Homes in the West" as pleasant and free from danger as human skill and foresight can accomplish.

By consolidation and construction, a road has been put into operation on the shortest possible line from Nashville, Tenn., to St. Louis, "the future great City of the world."

ST. LOUIS & SOUTHEASTERN RAILWAY.

has, during the past year, earned an enviable reputation by its smooth track, prompt time, sure connections, and the magnificence of its passenger equipment. Its trains are made up of new and commodious day cars, provided with the celebrated Miller coupler and platform, and the Westinghouse air-brake.

It is positively the only line running Pullman Palace Drawing-Room Sleeping Cars through without change from Nashville to St. Louis. No other line pretends to offer such advantages, either in distance, time, or equipment. Why, then, journey by circuitous routes? Do not be induced to purchase tickets to St. Louis or the West by any other line, remember that

The "St. Louis & Southeastern" is the shortest, cheapest, quickest, best and only line under one management from Nashville to St. Louis, and is from 60 to 200 miles the shortest to St. Louis, Kansas City, Omaha, Denver, California, Texas, and all western points. It is also the "Chicago Shortest Line," via Evansville.

You can secure the cheapest rates for yourselves and your movables on application, in person or by letter, to C. S. BARNETT, Southern Passenger Agent, Postoffice Box 242, Chattanooga Tenn., or to the undersigned.

CHANGE OF SCHEDULE.

THE FOLLOWING SCHEDULE WILL go into effect at 4:30 A. M., Sunday, 12th inst.

DAY EXPRESS TRAIN (Daily.)

Advices from Washington indicate that the Bankrupt Law will not be repealed. A better opinion seems to prevail that the proper plan is to eliminate what is objectionable in the existing law, and otherwise improve it. We hope that the subject will be duly considered before final action is taken.

The festival of gladness and kind feeling is again here. Bright eyes and cheerful faces greet each other at the recurrence of the blessed season, and all seem to have put by the discontents and sorrows of every day life. Little feet whose pattering arouse loving demonstrations, are busier than usual in brisk households, and around pleasant firesides—all in preparing for the glad event. Childish voices are constant in expressing hopes of anticipated joys which no other season brings. Parental pulses are stirred into unaccustomed excitement at the prospect of family reunions, and age itself placidly beams upon assembled generations around the happy Christmas board. A merry, joyous, holy Christmas to all!

Gov. Caldwell's Refusal of Arms to Col. Thomas.

A few days ago a correspondence between Governor Caldwell and Colonel Thomas, of the Charlotte Military School, was published at the request of the former gentleman. It consisted of a letter from Colonel Thomas to the Governor, requesting the loan of a certain description of arms from the State for the use of the school. At the close of his letter Colonel Thomas went beyond his object, and informed the Governor that their politics were different. The Governor, in his reply, said that the arms desired for the school were not in the arsenal; and in answer to the reference to politics, said that as he did not believe in the loyalty of one of the teachers of the school, he would not furnish the arms if it was in his power to do so.

The matter has been made the subject of Legislative inquiry. The Governor has been requested to lay before the General Assembly a copy of his correspondence with Col. Thomas. A member has risen in his seat, and denounced the Governor for his action in the matter. The issue of arms to a colored military company of this city was referred to, and a local item from one of the morning papers read, to prove that a member of the colored company had committed an assault upon a woman with the weapon furnished by the State.

If the Governor is convinced of the disloyalty or disaffection of one of the teachers of the Charlotte Military School, he did precisely right in refusing arms. He would have been guilty of a grave offense to have furnished the arms; and as he acted conscientiously in the matter, he cannot be blamed. But upon the matter of an assault upon the woman by the man Nixon of the Military Company of this city, we made an inquiry at the Mayor's office yesterday, and elicited the following facts. Solomon Nixon is Orderly Sergeant of the Company, and on the occasion of the assault had no bayonet, as the Orderly is not required to carry one. He and the woman got in a difficulty, and he struck her with a stick. They were both tried next day before the Mayor, and Nixon proved by several witnesses that he did not use a bayonet, but a stick. The Mayor fined him twenty dollars, and as the woman was much to blame, fined her ten dollars.

These are the facts as proved before a court, upon which the Governor is held up to reprobation in the Legislature for issuing arms belonging to the State to a colored Military Company. Mr. Jones must mend his lick before he can strike to advantage.

GENERAL ASSEMBLY.

(Condensed from the Raleigh News.)

MONDAY, Dec. 22.

The Senate met at 11 o'clock. Lieut. Gov. Brogden in the chair. On motion of Mr. Dunham, the rules were suspended, and the bill to incorporate the Ladies' Memorial Association of Wilmington, was taken up and passed its several readings.

Mr. Humphrey rose to a question of privilege, and replied to the attacks of the Raleigh Sentinel against the consolidation bill, of which he was the author, while it was being considered by the General Assembly.

Introduction of Resolutions.

By Mr. Aiken: WHEREAS, Our worthy President is now upon the threshold of three score years and ten; and whereas, delays are dangerous; therefore

Resolved, That it is the sense of the Senate that our bachelors should leave some representative to perpetuate his name, and after listening so attentively to the able lecture of Dr. Edwards on the subject of a wife, he should not remain longer in a state of single blessedness.

Resolved further, That our President should select a wife, possessing in addition to other charms plenty of poetical genius.

The President ruled the resolution out of order, as being decidedly personal in its nature.

Mr. Seymour was of the opinion that the resolution was eminently proper inasmuch as the Senate journal of 1868 reported the President as voting alone against a bill to form "a limited co-partnership," etc., etc.

There being no other business before the Senate, Mr. Seymour moved that the Senate now adjourn till the 12th of January.

Lt. Governor Brogden, after putting the vote, said:

SENATORS: As we are now about to separate as a legislative body until after the Christmas holidays, it only remains for me to wish you the enjoyment of good health and a happy Christmas at home with your families and friends. Christmas is said to be the day of the nativity of our Savior, and therefore its annual return is singularly welcomed as a day of unusual joy and happiness. It is a day hallowed by our traditions on account of that most glorious and wonderful event, when the morning stars sang together and the children of God shouted for joy.

In the temperate and delightful climate, in Bethlehem of Judea, about 1873 years ago, according to our computation of time, while the shepherds were keeping watch over their flocks by night, the angel of the Lord shone round about them, and said unto them, "fear not, for behold, I bring you good tidings of great joy, which shall be to all people; and suddenly there appeared a multitude of the heavenly host praising God, and saying, 'On earth peace, good will toward men.'"

It seems to be peculiarly appropriate at this eventful season, when the fruits and products of the earth have been garnered, to cultivate and cherish a spirit of friendship, good will and charity for all.

Let us forgive and forget the unworthy bickerings of the past, and indulge and cherish patriotic and laudable hopes and aspirations for the common good of our common country.

Your legislative acts, Senators, may be likened to the parable of the sower, who went out to sow seed, and some fell by the wayside and were devoured by the fowls of the air; some fell on stony ground and were scorched by the sun, and withered away; some fell among thorns, and the thorns grew up and choked them, and they yielded no fruit; but the seed which fell on good ground sprang up and increased and brought forth abundantly. So may it be with your legislation.

Senators, I again wish you a safe return to your respective homes.

This Senate stands adjourned until 12 o'clock on the 12th day of January next.

HOUSE OF REPRESENTATIVES.

The House was called to order at 11 o'clock, a. m., Mr. Speaker Robinson in the chair.

The reading of the journal of Saturday was, on motion of Mr. Jones, of Caldwell, postponed until the 12th January, 1874.

A message was received from the Senate announcing the concurrence of that body in the House amendments to the bill to amend chapter 19, laws of 1872-73.

On motion of Mr. Jones, of Caldwell, the bill to incorporate the Yadin and Watanga Timber, Lumber and Raft Company, was taken up and passed its several readings.

At 12 o'clock Mr. Speaker Robinson arose and said:

Gentlemen of the House of Representatives: The hour for our temporary separation has arrived. I desire to express my appreciation of the kindness you have again shown me as your presiding officer, and the aid afforded me in the dispatch of public business. I hope, gentlemen, you may have a safe trip to your respective homes where you will find comfort and happiness during the approaching holidays, and to find you promptly in your places in this House on the 12th of January next.

Under the joint resolutions of the two Houses of this General Assembly, I declare the House of Representatives adjourned until January 12th, 1874.

THE entertainments given last evening at the Y. M. C. A. reception room, and at the City Court room, were quite a success. Everything passed off with elation, and are long to be remembered by those in attendance.

THE residence of Alderman Fishplate came near being consumed by the devouring element last evening about 11 o'clock. The family had retired for the night, and if it had not been for the keen olfactories of Mr. Fishplate the house would have been burned before aid could be gotten.

The fire broke out in the closet and it is not known how it originated. The alarm was given, and with the assistance of several persons in the neighborhood it was extinguished before the alarm became general.

RESIGNED.—Captain W. J. Potter has resigned his position as Captain of the Steamer Waccamaw, and will leave for Baltimore in a few days to take charge of the steam dredging boat, Emma Dunn, recently purchased by Capt. Phillips to be used on the Cape Fear bar and river. The Emma Dunn is to be thoroughly overhauled and repaired, and as soon as she is pronounced in good order, Capt. Potter will bring her out together with her appurtenances.

THIEF CHASED.—Last evening a police officer discovered on the corner of Fifth and Dock street, a man with a number of chickens and thinking that he did not come by them honestly, ordered him to stop. The man dropped his booty and took up Fifth street at a 2:40 gait and succeeded in evading the officer who, finding that he could not capture the man, returned to where he met him and gather up eleven chickens. The man had broken their necks to avoid detection. The chickens were the property of Mr. Jacob Loeb, and were restored to him this morning.

CAPTURED.—Last evening, about 10 o'clock, officer W. H. Howe was making his rounds in Paddy's Hollow, and stepped into one of the groggeries. While there he noticed two men, who he knew to be of unenviable reputation, watching another colored brother from the rural districts. The rustic left the building, the men following him out, and in a very short time one of the two said "there he is, hit him." Howe immediately went out and discovered the men running down Water street. Following them he saw the men endeavor to knock their intended victim on the head with a bat. Assistance was called, and after an interesting race around two or three squares the two were captured and carried to the lockup. The officer thinks that it was the intention of the men to knock the rustic down, and rob him of what money he had.

WEEKLY REVIEW

—OF THE—

WILMINGTON MARKETS.

The general business of the city during the past week was good, though not as brisk as might be expected during Christmas week. The fair prices and activity in the Cotton business for the two or three preceding weeks has put into the power of planters to make purchases larger than would have been, had the prices of Cotton and other products of labor been lower. The counter trade for toys and articles incident to the holidays has been very firm.

"Gold has receded a little, the combination for a rise having been selling freely the last few days, to realize the recent advance. With the Spanish question amicably settled, one element of strength to the market has been removed, and the speculators seem disposed to pause until it is seen what Congress intends to do on the tax and currency questions. In the present strait of the Treasury the alternatives are either to spend less or raise more money; and there are but two ways to raise money—by borrowing and by taxation. Congress has already authorized an additional appropriation of four millions to the navy, growing out of the Virginia difficulty; and as this would seem to shut out all hope of an early decrease in expenditures, the Treasury is thrown back upon the necessity of either increasing the debt or of levying new taxes. Business men are decidedly opposed to increased taxation, but in preference to inflation they will submit cheerfully to all the increase of the former that the necessities of the country render imperative, particularly upon such articles as Tea, Coffee and Spirituous Liquors. It seems at present pretty clearly settled that the Government will issue almost the entire amount of the retired \$44,000,000 greenbacks, so that by the time the Spring trade gets under full headway the volume of currency is likely to reach nearly its highest assumed legal limit, in which event, it is not improbable that the premium on Gold will be forced up to a higher point than it has attained for months, unless, indeed, some definite step shall be taken to bring specie and greenbacks into a more close relationship. As Congress is about to adjourn over the holidays, it is hardly probable that anything defi-

nite in the matter will be accomplished till the latter part of Winter or the early Spring; and meanwhile an element of uncertainty is destined to hang about the markets, that is likely to be more or less prejudicial to business. The result of legislation upon the pending financial measures, whatever it may be, has already been largely discounted by an advance in prices, though at the close, values were on the whole buoyant than in the early part of the week. The Money market is comfortably easy, and the demand for business paper brisk at 8 @ 22 per cent. for first-class signatures. On call, 6 @ 7 per cent, has been the average rate, though some business has been done on Governments as low as three, while stock speculation have, in some instances, paid more than 10 per cent.

CRUDE TURPENTINE.—This article opened and closes quiet at \$2 for hard and \$2 95 for yellow dip. There has been no change, and receipts are placed as usual without trouble. The receipts for the week foot up 1,784 bbls, against 894 bbls. of last week.

TAR.—The decline noted in our last was not maintained, and on Friday the market regained the decline of the previous day. Since then we have no changes to note, the market closing quiet at \$2 20. The receipts are about equal to the demand, and are disposed of without trouble. The receipts for the week foot up 880 bbls.

ROSIN.—Under a falling off in the demand, an accumulating stock, and a systematic bearing movement in New York and this market, Rosins have declined. On Saturday the market was a little firmer than at any time during our review; this is altogether owing to a cargo order being placed in the hands of brokers, and as soon as the necessary number of barrels were procured the market relaxed to its condition of the day before. Friday a decline of 5 cents from Thursday's quotation (\$2 15) for strained was recorded, but on Saturday it advanced to \$2 20. Monday a further advance of 5 cents was noted, with small sales at the advance. Tuesday the market quietly receded to \$2 20. To-day it closes quiet and steady at \$2 20. The receipts for the week foot up 6,805 barrels.

SPRITS TURPENTINE.—The decline noted in our last review continued on Friday and Saturday. The market opened quiet at 38 1/2 cents, and has been quoted quiet and weak during the week, and on yesterday city distilled sold at 38 1/2 cents. To-day the market closes firm at 38 cents. The receipts for the week foot up 1,963 casks.

COTTON.—Our last weekly review, notwithstanding the extraordinary heavy receipts at all points, closed upon a steady market, with middlings quoted at 15 cents. Since then the downward tendency has continued, prices declining almost daily. Notwithstanding, however, the decline, the market has exhibited a good demand, and at times considerable activity was displayed with a scarcity of desirable cottons. This activity and demand, says the New York Financial Chronicle, is due "to the general resumption of work by our spinners, together with the decidedly increased ease of the money market, and the enlarged consumption of American cotton at the present low prices by English spinners. The feeling appears to prevail that at the ruling rates the India crop will not be rapidly marketed, and with a growing disposition in Manchester to run on American, a pretty large crop will be absorbed in supplying the actual wants of the world."

The receipts at this port for the week foot up 1,855 bales.

The resume for the review period is as follows:

FRIDAY.—Under the influence of gold decline and the New York weakness, our market declined 1 cent, with sales of 60 bales:

Ordinary, 11 1/2 cents p. lb.
Good Ordinary, 13 " "
Strict Good Ordinary, 13 1/2 " "
Low Middling, 14 " "
Strict Low Middling, 14 1/2 " "
Middling, 14 1/2 " "

SATURDAY.—A good demand existed at the decline of Friday, and sales of 200 bales were made on a basis of 14 cents for low middling. Quotations the same as on Friday.

MONDAY.—A further decline is noted, with sales of 230 bales at quotations:

Ordinary, 12 1/2 cents p. lb.
Good Ordinary, 13 " "
Strict Good Ordinary, 13 1/2 " "
Low Middling, 14 " "
Strict Low Middling, 14 1/2 " "
Middling, 14 1/2 " "

TUESDAY.—A little better feeling existed, and the market is quoted higher. Sales of 910 bales:

Ordinary, 11 1/2 cents p. lb.
Good Ordinary, 13 1/2 " "
Strict Good Ordinary, 13 1/2 " "
Low Middling, 14 1/2 " "
Strict Low Middling, 14 1/2 " "
Middling, 14 1/2 " "

WEDNESDAY.—The market evinces a

firmer tone, and is quotably higher for middlings. Sales of 100 bales:

Ordinary, 11 1/2 cents p. lb.
Good Ordinary, 13 " "
Strict Good Ordinary, 13 1/2 " "
Low Middling, 14 " "

IN THE CITY OF NEW YORK.

The high character which THE DAILY

guarantee for its future. It will continue
to advocate the cause of the
public, without reference to the interests of
individuals. No expense will be spared in
the maintenance of its position as the for-
most of American journalism. It is the best
daily family newspaper in the country. It
has the latest news, the best foreign cor-
respondence, and the largest staff of cor-
respondents. All objectionable news
and advertisements are rigidly excluded.

THE WEEKLY TIMES.

THE WEEKLY TIMES is undoubtedly the
best paper for the farmer, for the mechanic,
and for all who live in localities which are
served only by weekly mails. It contains,
in addition to editorial comments on cur-
rent topics, an excellent condensation of
the news of the week; the most important
events, both home and foreign, are re-
lated at length, and a large quantity of matter
is given especially interesting to the farmer
and mechanic. Its market reports are the
fullest and most accurate in the country.
Terms—\$2 per annum.

Post Office address—Five copies, per an-
num, \$7 50; Ten copies, per annum, \$12 50;

quired to be written upon each paper of the
club at one Post Office address (an extra copy
for each copy additional to the above rates).

THE SEMI-WEEKLY and WEEKLY mailed
one year to clergymen at the lowest rates.

These prices are invariable. Remit in
drafts on New York or Post Office Money
Orders, if possible, and where neither of
these can be procured send the money in a
